

## Passive Actuator/Sensor Distribution Boxes M8 & M12

Y-splitter, up to 63 V/4 A

### M08 Y-splitter | 5012 02 MFF

Passive actuator/sensor distribution box  
M8 Y-splitter, with two female M08 connectors,  
**main connection: M12 male connector**

- Pole number: M12, 4-pole and M8, 3-pole, A-coded
- Internal wiring: Sensor distribution  
other wiring possible on request
- Color-coded inputs
- Connection distance: 23 mm
- With fastening option
- Protection class: IP67
- Housing material: PUR
- Good chemical and oil resistance

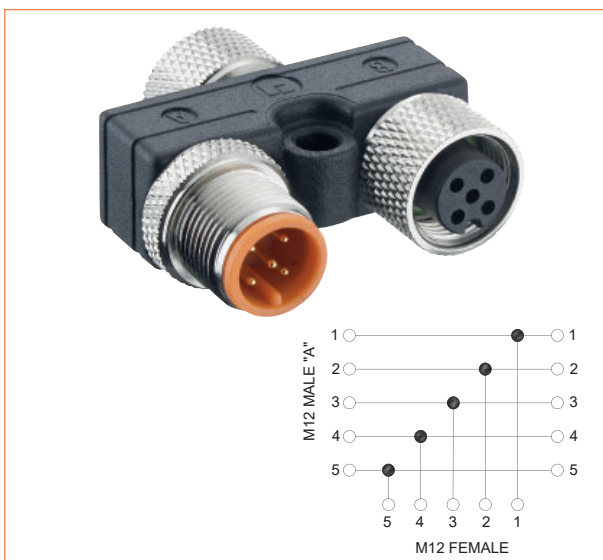

### M12 Y-splitter | 5512 02 MFF

Passive actuator/sensor distribution box  
M12 Y-splitter, with two female M12 connectors,  
**main connection: M12 male connector**

- Pole number: M12, 5-pole, A-coded
- Internal wiring: Sensor distribution  
other wiring possible on request
- Color-coded inputs
- Connection distance: 23 mm
- With fastening option
- Protection class: IP67
- Housing material: PUR
- Good chemical and oil resistance

### M12 Y-splitter | 5512 02 FMF

Passive actuator/sensor distribution box  
M12 Y-splitter, with female/male M12 connectors  
**main connection: M12 female connector**

- Pole number: M12, 5-pole, A-coded
- Internal wiring: 1-to-1 (parallel distribution)  
other wiring possible on request
- Color-coded inputs
- Connection distance: 23 mm
- With fastening option
- Protection class: IP67
- Housing material: PUR
- Good chemical and oil resistance
